Total debt in excess of revenue.			\$ 837,498 83

The apparent increase in the State debt is owing to the payment of accrued interest on outstanding warrants and bounties paid, together with the natural increase of the expense of the State Government by the creation of new departments.

The total amount of the appropriation made by the Seventh General Assembly is \$1,755,440.92; of this amount \$532,155.21 was considered unavailable, owing

to the decision of the Supreme Court that no more warrants could be drawn on appropriations than would be the probable income of revenue to meet the same, except in cases of casual deficiencies.

The following statement shows in detail the actual and estimated revenue receipts to meet the expenditures from appropriations:

Interest bearing warrants drawn for the two fiscal years ending Nov. 30, 1890, against the "General Revenue Fund"	\$1,200,626 39
Taxes collected, levy 1889	\$ 446,687 65
Delinquent taxes, levy 1889	\$ 23,572 91
Add additional assessment, levy 1889	1,713 09
Total	\$ 25,286 00
Less rebates, levy 1889	6,288 20
Balance	\$ 18,997 80
Deduct 20 per ct. uncollectable	3,799 56
Delinquent balance collectable	\$ 15,198 24
Taxes due from 1890, less 3 per cent. uncollectable	520,557 50
Receipts from all other sources collected	136,622 65
Due from Penitentiary convict labor, reported, but not in time to be transferred to General Revenue Fund	3,677 30
Total income	\$1,122,743 34
"Casual Deficiency"	\$ 77,883 05

Heretofore the General Assemblies have made all appropriations for calendar years instead of fiscal years. Our Supreme Court suggests that it would be better to make all appropriations for fiscal years; therefore, I make the two estimates.

*Estimated receipts to the General Revenue Fund for
two years, ending November 30, 1892.*

Assessment for 1891, estimated	\$ 230,000,000	
Assessment for 1892, estimated	250,000,000	
Total		\$ 480,000,000
Tax of $2\frac{1}{2}$ mills on the dollar for 1891	\$ 559,666	
Tax of $2\frac{1}{2}$ mills on the dollar for 1892	608,334	
Total tax		\$ 1,168,000
Less 5 per cent. uncollectable		63,400
		\$ 1,104,600
Fees from Secretary of State for 1891 and 1892, estimated	\$ 70,000	
Insurance department, estimated	60,000	
Receipts from all other sources, esti- mated	20,000	150,000
Total		\$ 1,254,600

Notwithstanding the fact that all my predecessors, including the Territorial Auditors, have called attention to the subject, I wish to present for your Excellency's notice the injustice of our present revenue laws. A glance at the following comparison of valuations will show inequalities which would be impossible under just revenue laws.

COUNTIES.	HORSES.	MULES,	CATTLE.	ASSES.	SHEEP.
Arapahoe	\$ 32 35	\$ 30 24	\$ 9 83	\$. .	\$ 1 00
Jefferson	48 16	74 32	14 25	8 89	1 00
Ouray	12 54	30 68	6 30	. .	75
Baca	32 13	41 83	10 09	30 00	. . .
Otero	26 15	64 37	7 18	125 00	1 02
Costilla	23 87	37 45	8 90	5 72	1 03
Fremont	27 83	28 63	8 21	1 90	
Douglas	29 69	57 17	9 07	45 00	75

The above statement tells its own story.

As a committee from the State Board of Equalization, I visited different counties to examine the assessment rolls,

and although only a limited period of time was at my disposal, such glaring inconsistencies and startling inequalities were apparent as to call imperatively for the most immediate legislation and comprehensive changes in the present revenue system.

A striking illustration of some of the above mentioned discrepancies will be found in the fact that although the individual deposits at the banks of Arapahoe county were in round numbers \$18,000,000.00, the total amount assessed as moneys and credits to individuals, banks, corporations and companies, was only \$808,958.00.

I would respectfully suggest that property, both real and personal, be made assessable and subject to taxation on January first, instead of on May first; this would allow the Assessors ample time in which to complete their assessments and send in their abstracts in time to be considered by the State Board of Equalization.

Under the existing laws, there is no penalty for a failure on the part of the County Assessors to file a copy of their abstracts of assessment with the State Auditor. I would suggest the passage of a law compelling the County Commissioners of each County to retain twenty-five per centum of the salary of the assessor until said assessor shall produce a certificate from the State Auditor, acknowledging the receipt of the abstract of assessment for his county.

This law should apply with equal force to County Clerks, in making their semi-annual revenue statements.

INSURANCE DEPARTMENT.

It is only necessary, in calling your Excellency's attention to this comparatively new department of our State Government, to show the great percentage of increase in the net earnings over those of the preceding term:

AUDITOR'S BIENNIAL REPORT.

Net earnings of 1889 and 1890	\$ 48,120 36
Net earnings of 1887 and 1888	25,811 04
	\$ 22,309 32

After paying all office expenses, including rent, salaries, stationery, printing, etc., we have transferred to the General Revenue Fund, during the past two years, \$48,120.36, a net increase of nearly 90 per cent.

In concluding, I wish to sincerely thank your Excellency and my fellow officers for contributing so largely to making my duties pleasant and agreeable. I also acknowledge my obligations to my deputies and clerks for their fidelity and efficiency. I am, sir,

Yours very respectfully,

LOUIS B. SCHWANBECK,

Auditor of State.
